Working With Nature Coding and Colouring

Workshops, workbooks, worksheets, tasks, components ... it might all seem to swirl together, especially when you try and explain it all to your municipal colleagues.

Not to worry – all pieces in the Toolkit are coded in some way (colours, symbols) to make it easy to know where in the process it fits. And here is the legend.

Components

01	Goals and Principles
02	Hazards and Risks
03	Natural Infrastructure
04	Actions
05	Policy Development

Tasks

GS	Getting Started
WB	Workbook
W1	Workshop One
W2	Workshop Two
P	Prioritization

Headers Explained

All headers in the *Working With Nature* materials follow the same structure; this example illustrates that structure:
